Code No. 501.11R1

STUDENT RELEASE DURING SCHOOL HOURS (OPEN LUNCH/OPEN CAMPUS)

Open lunch privileges are extended to junior and senior students with fourteen or more credits. Open campus privileges are extended to students in their fourth year of school with twenty-one or more credits. Parents or guardians of junior and senior students, who do not want their students to have open lunch/open campus privileges, must contact an administrator at Bettendorf High School and indicate their request in the form of a letter. The student will be assigned to a supervised area or encouraged to enroll in an additional class where available space remains. Open lunch/open campus is a privilege that is earned by students who remain in good academic standing and who demonstrate positive attendance and disciplinary behaviors. Junior and senior students who qualify for open lunch may, on occasion, have their lunch times switched to accommodate course testing. Additionally, freshman or sophomore students outside the cafeteria doors during lunch will be considered off-campus. Junior or senior students who transport freshmen and/or sophomores off campus will receive consequences which may include loss of off campus privileges for a designated amount of time
