

Board Policy

Code 210.11

Committee of the Whole

The members of the Board of Directors may be called into committee session as a Committee of the Whole for discussion of matters relating to the welfare of the school district. Official action may be taken by the Committee of the Whole; however, only through the consent agenda or when determined as necessary by the superintendent and board president. The intent of the Committee of the Whole meeting is informational in nature in providing background on district issues, for the board to consider or understand.
