

## 2022 Sumo Camp 3rd-8th Grade

**Who:** Students that like to have fun and are looking to get introduced or continue to enhance their robotics skills. Students from 3rd thru 8th grade for the 2022/23 school year are eligible.

**What:** Students will have their own robot and will be challenged to design and build a robot that can successfully stay on the Sumo arena. Students will be utilizing a color sensor (possibly other sensors) and programming their robot to recognize different colors in the arena and ultimately stay on the board.

**When:** June 13th - 15th: 12:00 - 2:00

**Where:** Bettendorf Middle School Cafeteria

**Why:** Learn and have FUN!

**Advisor:** Shannon Budde ([sbudde@bettendorf.k12.ia.us](mailto:sbudde@bettendorf.k12.ia.us)) & Aaron Maurer
