

Board Policy

Code No. 701.2

TRANSFER OF FUNDS

The Board may approve loans between funds as it deems necessary and allowed by statute. The Board shall exercise this authority judiciously.

A loan from one fund to another will be repaid to the originating fund, with interest, by Oct. 1 following the end of the fiscal year.

When the necessity for an account has ceased to exist, the balance may be transferred to another account or fund by resolution of the Board. Only monies that were received for use without a designated purpose may be transferred in this manner. Funds received for a specific use or upon vote of the people may only be transferred, by resolution of the Board when the purpose for which the monies were received has been completed. Voter approval is required to transfer monies to the general fund from the capital projects fund and debt service fund.

If all requirements for district use of funds calculated under the teacher leadership supplement are met and funds remain unexpended and unobligated at the end of the fiscal year, the district may transfer all or a portion of remaining funds into the district's flexibility account in accordance with law.

The district may choose to request approval from the School Budget Review Committee to transfer funds to make a program whole, prior to its elimination.

It shall be the responsibility of the superintendent or designee to make recommendations to the Board regarding loans and transfers and to provide supporting evidence for the transfer.
