[What Does Homecoming Mean to Me?](#)

We asked a few Bettendorf High School students and staff what homecoming means to them. Check out their answers! #BETTerTogether #BettPride

Bettendorf Outreach

Looking for Silent Angel Volunteers

Dear BCSD Staff & Friends,

When our students can show up to school with their needs at home met, we know they are more likely to be happy and successful in the classroom and on the playground. We have a strong history of a generous and collaborative community to assist families and students who could use a hand up. One way you can contribute is to sign up for the [Silent Angel Network](#) through the [Bettendorf Schools Outreach Program](#).

When you sign up to participate, you will receive occasional emails asking for specific donations to meet current needs, or for volunteers to support programs that serve our families here in the district. If you can help, great! If not, no need to reply, maybe next time! We have hauled furniture into new homes for homeless families, provided hygiene and cleaning supplies for parents unable to work during medical emergencies, and outfitted kids with duct tape on their shoes with a new pair of kicks.

Parents tell us all the time how much it means to them to have this kind of support. If you would like to join or have any questions, please email outreach@bettendorf.k12.ia.us. Thank you for all you do *every day* to support and inspire kids to make a positive difference!

2021-2022

[Return to Learn Plan & COVID Protocol](#)

COVID-19 Status Update

12 individuals who tested positive this week

In an effort to keep students, staff, parents, and the entire community aware of how COVID-19 is impacting our District, we plan to share as much information as possible while protecting the privacy of those affected. Following the direction of the U.S. Department of Education, we will release details by district and not by building to ensure the privacy of our students and staff. Please note we will update this data at the close of each week, and you will be able to view it on the [District Return-to-Learn Webpage](#).

When the District is notified of a positive COVID-19 case through the health department, parent, or staff member, the building principal and nurse will begin to assist the health department in determining any individuals who may have been in close contact with the positive individual. For all close contacts, the health department and/or the school will be in contact with the family.
