USING FEDERAL FUNDS IN PROCUREMENT CONTRACTS

In addition to the District's standard procurement and purchasing procedures, the following procedures for vendors/contractors paid with federal funds are required. When federal, state, and local requirements conflict, the most stringent requirement will be followed.

2 CFR Part 200, Subpart D Subsection §200.318 (c)(1)

No District employee, officer, or agent may participate in the selection, award and administration of contracts supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. District officers, employees, and agents may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, for situations where the financial interest is not substantial or the gift is an unsolicited item of nominal value, district employees must abide by all relevant board policies. Violation of this requirement may result in disciplinary action for the District employee, officer, or agent.

2 CFR Part 200, Subpart D Subsection §200.320 (e)(1-4)

Procurement for contracts paid with federal funds may be conducted by noncompetitive (single source) proposals when one or more of the following circumstances apply: (1) the item is only available from a single source; (2) public exigency or emergency will not permit the delay resulting from competitive bids; (3) the Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the non-Federal entity; or (4) after solicitation of a number of sources, competition is inadequate.

2 CFR Part 200, Subpart D Subsection §200.321

The District will take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible. Affirmative steps must include: (1) placing such businesses on solicitation lists; (2) soliciting such businesses whenever they are potential sources; (3) when economically feasible, dividing contracts into smaller tasks or quantities to allow participation from such businesses; (4) establishing delivery schedules that encourage participation by such businesses; (5) when appropriate, utilizing the Small Business Administration and the Minority Business Development Agency of the Department of Commerce; and (6) requiring the primary contractor to follow steps (1) through (5) when subcontractors are used.

The district will include the following provisions in all procurement contracts or purchase orders include the following provisions when applicable:
