

PUTNAM!

Summer

CAMPS 2021

Have you ever imagined hopping onto the Magic School Bus, or taking a day to invent a new creation, or learning how to survive in the wild? We will go on a journey through the museum, complete scientific experiments, and make memories you won't forget. Spend the summer discovering, inventing, and engaging in amazing experiences.

Weeklong Full-Day Camps

9 am - 4 pm

FEE: \$240 (\$200 members)

Astro Camp®

June 14-18 | Grades 3 - 5

Train to be a Space Commander. Learn about the stars, planets and more to navigate the great unknown. Test your skills in designing and creating rockets and space shuttles. Find out if you could live like real space rangers and **virtually meet a former NASA astronaut!** The goal of Astro Camp is to give ALL students the chance to get involved in and experience Science, Technology, Engineering and Mathematics (STEM) to inspire future astronauts and engineers to learn about space with NASA activities.

Putnam Academy for Wizardry

June 28 - July 2 | Grades 3 - 5

Accept your invitation to the Putnam Academy for Wizardry. Take wizardry courses in spells and the chemistry of potions. Encounter magical creatures, plants, and artifacts. Build your own wand and compete in wand dueling and other magical sports. Your destiny awaits!

She's the First

July 7 - 9 | Grades 3 - 5

Three Day Camp \$145 (\$120 members)

Who was the first woman to win a Noble Prize? To go to space? To make pop music? Discover famous women who have shaped our world and join them by experimenting with their findings and exploring your own passions.

Invent and Innovate

July 12-16 | Grades 3 - 5

It's time to tinker, create, invent and innovate. Explore great inventors through time and around the world. You'll get to join these inventors too by taking part in design challenges and prototyping your own creations.

Zombie Survival Training

July 19-23 | Grades 3 - 5

Can you survive the zombie apocalypse? We'll put our survival skills to the test and prepare for the undead uprising. There will be training on how to get through the city ruins and find food, shelter and warmth in the apocalyptic wilderness.

- The Putnam Promise: Due to COVID-19, the Putnam is limiting summer camp to no more than 15 participants in each camp.
- Scholarships are available for families with economic need. Please contact bboyd-carlson@putnam.org for information.
- In case of cancellations, you must notify us of your cancellation at least two weeks before the first day of the program to receive a 50% refund.

HALF-DAY CAMPS 2021

Weeklong Half-Day Camps

FEE: \$120 (\$100 members)

Astro Camp®

June 21 - 25 | Grades K-2

9 am - 12 pm

Train to be a Space Commander. Learn about the stars, planets and more to navigate the great unknown. Test your skills in designing and creating rockets and space shuttles. Find out if you could live like real space rangers! Take one small step to join one giant leap this space week. The goal of Astro Camp is to give ALL students the chance to get involved in and experience Science, Technology, Engineering and Mathematics (STEM) to inspire future astronauts and engineers to learn about space with NASA activities.

Flying High

June 21-25 | Grades K-2

1 pm - 4 pm

The sky isn't the limit here! What makes a plane go up? Are birds defying gravity? We'll think big and aim high as we experiment with the science of flight.

World Travelers

July 26-30 | Grades K - 2

9 am - 12 pm

From the mummies of Ancient Egypt to the relics of East Asia, discover the hidden wonders of the world at the Putnam. You'll get a passport to travel through the African Safari and Arctic Tundra to explore the culture, land and more.

Magic School Bus

July 26 - 30 | Grades K - 2

1 pm - 4 pm

This is NOT a normal field trip! Ms. Frizzle and her class will be taking us on extraordinary adventures all week. So hop on the bus and ride with us through the dinosaur age, circuits, the human body and so much more.

Ahoy Pirates!

Aug 2 - 6 | Grades K - 2

9 am - 12 pm

Arrr you ready for an adventure? Discover the hidden treasures of the Putnam and the creatures of the deep sea! Build sailing tools, and learn the science behind the tricks of the pirate trade. Come gather your crew, your journey awaits!

Science of Superheroes

Aug 2 - 6 | Grades K - 2

1 pm - 4 pm

It's a bird. It's a plane. It could be you! Come learn the science behind your favorite superheros from super strength to the power of flight. Through hands-on activities you'll discover what it takes to face super-human challenges.
